

## Technical questionnaire

pumpkin

Version 10

Mandatory fields or sections are marked with an asterisk (\*)

---

**01 . Botanical taxon: name of the genus, species or sub-species to which the variety belongs:**

*Cucurbita maxima* Duchesne

---

**02 . Application code:**

For office use only

---

**03 . Breeder's reference**

Breeder's Ref.

---

**04 . Information on the breeding scheme and propagation of the variety**

**04 . 01 . Type of material \***

hybrid

cross-pollinated variety

self-pollinated variety

parental line

**04 . 01.01 . Parental line use**

*(this question could be confidential)*

In many cases there is a link in morphological expression of characteristics between the parental line and its hybrids. Therefore, it is recommended to provide information about the identity of hybrid varieties where the parental line is used. This makes the organisation of the technical examination more efficient and lowers the risk of an additional year at the costs of the applicant. This information will only be shared with the examination office in charge of the technical examination.

In accordance with Article 88(3) of Regulation 2100/1994 the Office will treat the information under this section as confidential on request of the applicant.

Please indicate for the production of which hybrid variety(ies) the parental line is used

**04 . 02 . Method of propagation of the variety \***

seed propagated

vegetatively propagated

Please specify

**04 . 03. . Should the following question on genetic origin and breeding method be treated as confidential? \***

Yes

No

**04 . 04 . Confidentiality justification \****(this question could be confidential)*

Please explain why the information is to be considered as confidential and how its disclosure would harm your commercial interests (included but not limited to business relations, manufacturing secrets, expertise, commercial strategies, intellectual property) under Article 4(2) of Regulation 1049/2001. Since the general rule is transparency, it is in your best interest to provide strong reasons to support your request for confidentiality. If a public access request is received, the Office will evaluate your justifications and decide whether to disclose or not the information.

Please provide detailed explanations \*

**04 . 05 . Information on the breeding method and the genetic origin of the application***(this question could be confidential)*

breeding method

parentage with any other varieties

**05 . Characteristics of the variety to be indicated \***

(the number in brackets refers to the corresponding characteristic in the CPVO Technical Protocol; please mark the state of expression which best corresponds)

**05 . 01 . Plant: length of main stem (2) (G) \***

1 - very short Golden Nugget

2 - very short to short

3 - short Sweet Mama

4 - short to medium

5 - medium

6 - medium to long

7 - long Jaune Gros de Paris

8 - long to very long

9 - very long Green Hubbard

**05 . 02 . Fruit: length (12) (G) \***

1 - very short	Golden Nugget
2 - very short to short	
3 - short	Uchiki Kuri
4 - short to medium	
5 - medium	Golden Hubbard
6 - medium to long	
7 - long	Big Moon
8 - long to very long	
9 - very long	Banana Pink Jumbo

**05 . 03 . Fruit: diameter (13) (G) \***

1 - very small	
2 - very small to small	
3 - small	Uchiki Kuri
4 - small to medium	
5 - medium	
6 - medium to large	
7 - large	Big Max, Rouge vif d'Etampes
8 - large to very large	
9 - very large	Prizewinner

**05 . 04 . Fruit: shape (15) (G) \***

1 - heart-shaped	Golden Delicious
2 - capped	Giraumon Turban, Turks Turban
3 - transverse medium elliptic	Sweet Mama
4 - transverse broad elliptic	Jaune Gros de Paris, Mammouth
5 - circular	Big Mama
6 - narrow elliptic	Banana
7 - medium elliptic	Banana Pink Jumbo
8 - rectangular	
9 - trapezoid	
10 - broad pear shaped	Doux d'Okkaïdo, Green Baby
11 - narrow pear shaped	
12 - Hubbard type	Golden Hubbard, New England Blue Hubbard
13 - tri-lobed	Tristar

**05 . 05 . Fruit: profile at blossom end (flower scar included) (18) (G) \***

1 - depressed	Rouge vif d'Etampes
2 - flat	
3 - raised	Hubbard Blue

**05 . 06 . Fruit: grooves (19) \***

1 - absent	Pacifica
9 - present	Marlborough Grey

**05 . 07 . Fruit: number of colours of skin (22) (G) \***

1 - one	Gladiator
2 - two colours intensities (with clear borders)	Giraumon Turban
3 - two colours hues	Delica
4 - more than two colours hues or intensities (with clear borders)	Turks Turban

**05 . 08 . Fruit: main colour of skin (23) (G) \***

1 - white	Valenciano
2 - cream	
3 - yellow	Jaune Gros de Paris
4 - orange	Regal Early
5 - red	Rouge vif d'Etampes
6 - pink	Giraumon Turban
7 - green	Delica, Pacifica
8 - grey green	Japan Cup, Star 7024
9 - grey	Baby Blue, Early Jarrah Grey, Hubbard Blue

**06 . Similar varieties and differences from these varieties**

Please note that information on similar varieties may help to identify comparable varieties and can avoid an additional period of testing.

**06 . 01 . Are there any similar varieties known? \***

Yes

No

**06 . 02 . Similar varieties and differences from these varieties: \***

Denomination(s) of variety(ies) similar to your candidate variety	Characteristic(s) in which your candidate variety differs from the similar variety(ies)	Describe the expression of the characteristic(s) for the similar variety(ies)	Describe the expression of the characteristic(s) for your candidate variety

**07 . Additional information which may help to distinguish the variety \***

**07 . 01 . In addition to the information provided in sections 5 and 6, are there any additional characteristics which may help to distinguish the variety? \***

Yes, specify

No

**07 . 02 . Are there any special conditions for growing the variety or conducting the examination? \***

Yes, specify

No

**07 . 03 . Other information \***

Yes, specify

No

**07 . 04 . Photo**

It is highly recommended to provide pictures. Otherwise, the organisation of the technical examination will be rendered less efficient, with the risk of an additional year of technical examination at the costs of the applicant.

---

**08 . GMO-information \***

**08 . 01 . GMO-information required \***

The variety represents a Genetically Modified Organism within the meaning of Article 2(2) of Council Directive EC/2001/18 of 12/03/2001.

Yes

If yes, please attach in point 08.02 a copy of the written attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

No

**08 . 02 . In case of GMO, joint attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.**

---

**09 . Information on plant material to be examined**

The expression of a characteristic or several characteristics of a variety may be affected by factors, such as pests and disease, chemical treatment (e.g. growth retardants or pesticides), effects of tissue culture, different rootstocks, scions taken from different growth phases of a tree, etc. Consequently the plant material to be examined should not have undergone any treatment which would affect the expression of the characteristics of the variety, unless the competent authorities allow or request such treatment. If the plant material has undergone such treatment, full details of the treatment must be given. In this respect, please indicate below, to the best of your knowledge, if the plant material to be examined has been subjected to:

**09 . 01 . Micro-organisms (e.g. virus, bacteria, phytoplasma) \***

Yes, specify

No

**09 . 02 . Chemical treatment (e.g. growth retardant or pesticide) \***

Yes, specify

No

**09 . 03 . Other factors \***

Yes, specify

No

**DECLARATIONS \***

I/we hereby declare that to the best of my/our knowledge the information given in this form is complete and correct.
